14 MAR 1986

Mr. Joseph P. Downs
Director
Fairfax County Park Authority
4030 Hummer Road
Annandale, VA 22003

Dear Mr. Downs:

We were informed by Mr. John Byrne that you have requested a set of drawings reflecting the changes the Virginia Department of Highways and Transportation propose to make at the Route 123 entrance to our Headquarters Compound. Per your request, we are sending you the following reduced drawings:

- A. Signing Plan
- B. Preliminary Plan
- C. Preliminary Landscape Plan

If this information does not satisfy your request or you need further information on this project, I can be reached on [redacted]

STAT

Sincerely,

STAT

Chief, New Building Project Office, OL

RE: **CIA Entrance at Route 123**
Comments to Letter dated February 19, 1986

1. Back to where road is two lanes is way beyond any limit previously considered.
2. Berm height of 20' never mentioned or discussed - not practical.
3. No "Agreement" ever reached. We said we would move as far as possible - if possible.
4. Potomac School Road need not be widened for capacity. School expansion would have little effect on traffic in light of modest scale envisioned.
5. Merchants Lane does not, nor will it likely ever meet signal warrants.
6. CIA never committed funds for "new" exit ramp - funds were for lengthening parallel dual lane of present ramp.
7. Old Chain Bridge Road/193 is in current program.
8. Advisory Committee was always merely that - "Advisory".
9. Bike Trail removal up to the County and VDH&T - personally believe it would be a mistake.
